

A large iceberg floats in the ocean. The tip of the iceberg, which is visible above the water, is labeled with 'Competence beliefs' and 'Happiness at work'. The much larger, submerged part of the iceberg is labeled with 'Personality traits', 'Additional factors', and 'Vocational interests'. This visual metaphor suggests that the test measures not just what is obvious (the tip) but also the underlying, less obvious factors (the submerged part) that influence work-related outcomes.

Competence beliefs **Happiness at work**
Personality traits **Vocational interests**
Additional factors

Results Summary prepared for
FICTIONAL PERSON

June 23, 2024

Realistic

OCCUPATIONAL FIELD	YOUR TOTAL SCORE OBTAINED ACCORDING TO YOUR VOCATIONAL INTERESTS AND YOUR SELF-PERCEIVED COMPETENCE						TOTAL SCORE
